

Thievery Corporation, Dance on Vaseline

I'm taking back the knowledge
I'm taking back the gentleness
I'm taking back the ritual
I'm giving in to sweetness
I'm taking back the knowledge
I'm taking back the gentleness
I'm taking back the ritual
I'm giving in to sweetness
And I'm tripping out working on a revolution
Don't let the day begin
And I'm working out time to time for evolutionn
Don't let the music in
Come preacherman, shoot me with your poisoned arrow
But I dance on Vaseline
And I'm tripping out working on a revolution
You don't let the music in
And I'm tripping out working on a revolution
Don't let the day begin
And I'm working out time to time for evolutionn
Don't let the music in
Come preacherman, shoot me with your poisoned arrow
But I dance on Vaseline
And I'm tripping out working on a revolution
You don't let the music in
