Thievery Corporation, Dance on Vaseline

I'm taking back the knowledge

I'm taking back the gentleness

I'm taking back the ritual

I'm giving in to sweetness

I'm taking back the knowledge

I'm taking back the gentleness

I'm taking back the ritual

I'm giving in to sweetness

And I'm tripping out working on a revolution

Don't let the day begin

And I'm working out time to time for evolutionn

Don't let the music in

Come preacherman, shoot me with your poisoned arrow

But I dance on Vaseline

And I'm tripping out working on a revolution

You don't let the music in

And I'm tripping out working on a revolution

Don't let the day begin

And I'm working out time to time for evolutionn

Don't let the music in

Come preacherman, shoot me with your poisoned arrow

But I dance on Vaseline

And I'm tripping out working on a revolution

You don't let the music in
