

Thin Lizzy, Didn

Well I thought I could make you cry
Oh didn't I?
I didn't think that I would miss you
Ah did you, did you true?
And I told you before
When you walked out that door
That I wouldn't love you any more
I cannot cope any more

Well I thought you'd never lie
Why didn't I?
I didn't think that you'd be untrue
Well did you, did you too?
And I've told you before
When you'd walk out that door
That I would no cope any more
I do not have you any more

I thought I could make you cry
And I tried now didn't I?
I didn't think that I would miss you
But it wasn't true, I do
And I told you before
A million times or more
That when you'd walk out that door
I would no love you any more
I do not love you any more

I lied now didn't I?
Oh didn't I?

There are people in this town
That say I don't give a damn
But the people in this town
They never could understand
Oh they never could understand

I thought I could make you cry
And I tried, now didn't I? Didn't I try, didn't I?
I didn't think that I would miss you
But it wasn't true, I do, I do
And I told you before
That you'd open up my sores
And you'd leave me here with scars
I cannot take it any more
Oh don't hurt me no more

I cried and I cried, now didn't I?
Why didn't I try? Why didn't I?
