

Third Day, Billy Brown

Super Star Billy Brown
Whatcha doin to this town?
Don't cha know that everybody here
Wants to be like you?
All of your adoring fans
Sitting in the seats and stands
Listening to every word you say
Once I saw a sign that said Billy Brown for President

It ain't easy being a star
It ain't easy to be who you are
It ain't easy but you're going far
Well, you say there's nothing to it
But somebody's gotta do it, boy

Super Star Billy Brown
Everybody's screaming out your name
Do they know the reason why
You point your finger to the sky
We are all watching and expect
That whatever you are doing next
Well, it is gonna be the greatest thing
That we have ever seen
