

# Third Day, Nothing At All

Lyrics & Music by Mac Powell

From the recording: Third Day, Track #1.

On and On... she goes  
Where she stops no one really knows  
Everybody's got a problem so it seems and  
She ain't afraid of tellin' me  
If you can't say nothin' good, don't say nothin' at all

On and On...he goes  
Now look who's playin' the fool  
Criticizing, telling lies, putting down  
ain't you got nothin' better to do?  
If you can't say nothin' good, don't say nothin' at all

Chorus:  
'Cause I know that there are times in life  
When we just can't keep it to ourselves  
but to want is not to make it right  
We've got to tame our tongue  
If you can't say nothin' good, don't say nothin' at all

On and on...we go  
playin the game that never ends  
I think it's time that we all realize  
a broken heart is hard to mend  
If you can't say nothin' good don't say nothin' at all

James 3:5-10

Repeat Chorus
