

Third World, Hold On To Love

Hold on to love, you gotta hold on
Hold on to love, come on and hold on
I know it gets dark sometimes
But, there's a light at the end of the tunnel
Hold on to the hand that won't let you go-hey
Hold on to the one that you know is for sure
Hold on to love, you gotta hold on
Hold on to love, come on and hold on
I know things don't always work out
The way you want them to
You've got good days and you've got bad ones, too
There's a rainbow at the end of every storm
Take it from me, you gotta be strong
Hold on to love, you gotta hold on
Hold on to love, hold on
No matter how rough it may get
No matter how hard it may seem
We can make it if we only stick together
Don't be too proud to get down on your knees-
Hold on to love, you gotta hold on (everybody)
Hold on to love - hold on-
Hold on to the woman
You've got to hold on to the man, yeah
Hold on to the teeny, weeny little baby
Hold on to his hand
Hold on to love
You gotta hold hold
Hold on to love - hold on -

Hold on to your mother (hey, hey)
Hold on to your father
Hold on to your sister
Take and hold on your brother
Never give up, never give up, oh yeah
Everybody, hold on to love
You gotta hold on, hold on to love, hold on
