

# Thirsty Merc, Baby Tell Me Im The Only One

Waves of fire  
This I feel  
Pure desire  
Is it real  
Liquid pain  
Heaven sent  
Acid rain  
I repent

I'm drunk, adrenalized and branded  
Stung by your nectar, single-handed

Could it be  
That I need you  
Baby tell me I'm the only one  
I'm a fool  
When I'm with you  
Baby tell me I'm the only one

Chronic seas  
Thriving wood  
Through the trees  
That sounds good  
Contraband  
Mild or tough  
Black or tanned  
That's enough

I'm floating high upon your love rope  
Just add some vinegar, and watch my rotoscope

Could it be  
That I need you  
Baby tell me I'm the only one  
I'm a fool  
When I'm with you  
Baby tell me I'm the only one

Could it be  
That I need you  
Baby tell me I'm the only one  
I'm a fool  
When I'm with you  
Baby tell me I'm the only one  
Could it be  
That I need you  
Baby tell me I'm the only one  
I'm a fool, yeah  
When I'm with you  
Baby tell me I'm the only one
