Thirsty Merc, Now Or Never

Hey girl You're runnin away from me I can't give you any more than honesty I must read like an old love letter Little girl Its now or never

We've had some time to learn the rules I'm so bad at wearing other peoples shoes I really thought that we could be together And thats why It's now or never (It's now or never)

I can't live this life without you And I don't care if they say I'm off my head Cause baby when it's now or never It's now or never []

We both know You called my phone to speak But I was freakin so I turned the other cheek I know now was less than clever

Little girl, it's now or never

If you could read my troubled mind If only you could feel my heart beat overtime I'd make it known on this earth forever I want you and it's now or never It's now or never

And like a candle burning Both ends are melted all through My hourglass is turning I can't live this life without you And I don't care if they say I'm off my head 'Cause baby when its now or never It's now or never It's now or never

I'm not off my head I'm not off my head I'm not off my head I'm not off my head
