

Thirty Seconds To Mars, Stuck

I've been lost in your eyes all afternoon
The more I drift the closer I get to you

She's a ghost and the truth
It's impossible, but I love her lies
You made sure I don't find somebody new

It's the way you move
It's the way you move
Ooh-ooh
I knew I'd stay with you after just one touch
The way you move has got me
Stuck
Stuck
Got me
Stuck
Got me
Stuck

I was lost and then found inside of a dream
Runnin' out of the circle, tryna believe

She's a ghost and the truth
It's impossible, but I love her lies
You made sure I don't find somebody new

It's the way you move
It's the way you move
Ooh-ooh
I knew I'd stay with you after just one touch
The way you move has got me
Stuck
Stuck
Got me
Stuck
Got me
Stuck

Ram-dam-da-da-da-dam

It's the way you move
Ooh-ooh
I knew I'd stay with you after just one touch
The way you move has got me
Stuck
