

# Thomas Dolby, Quantum Mechanic

Quantum Mechanic  
the matrix mathematic  
my Honda is erratic  
I'll show you the schematic  
Quantum Mechanic  
it's costing me a packet  
I know that you can hack it  
I wanna see you jack it - jack it - c'mon now..

move move to the groove - just bust a move  
get with the boogie and  
sound waves in the rave - my body sways -  
my brain is opening  
deejay bomb the bass  
my thoughts erase my body's booming and  
feet feet feel the beat  
make my own heat  
now I'm complete

move your body to the beat boy  
slide your body next to me  
and feel the rhythm  
dance with me again.
