

# Thomas Godoj & Fady Maalouf (DSDS), Sad Eyes

Fady:

Je suis avec toi, pour toujours  
Oh everytime I told you the world is tough,  
Someone will make you knew,  
Everybody needs someone to love for sure.  
Oh everything a man could ever need,  
It's just a girl like you,  
You're beautiful and that I know for sure

Refrain:

Sad eyes will cry,  
If you leave them lonely,  
You should think twice,  
If you'll break a heart.  
Sad eyes will die,  
If you are the only,  
The only one,  
The only paradise

Thomas:

Oh everyone is laughing,  
Behind blue eyes,  
There are tears and so much pain,  
Nobody shows, how they feel tonight.  
Oh and every day and night,  
It's all bizarre  
If they playing games.  
You're beautiful, that I know for sure  
Yeah, Yeah

Refrain:

Sad eyes will cry,  
If you leave them lonely,  
You should think twice,  
If you'll break a heart.  
Sad eyes will die,  
If you are the only,  
The only one,  
The only paradise  
Sad eyes will cry,  
If you leave them lonely,  
You should think twice,  
If you will break a heart  
If you will break a heart  
Sad eyes (will cry)

Fady:

Will cry

Thomas:

If you leave them lonely

Fady:

Sad eyes, If you break a heart

Sad eyes will cry
