

# Thousand Foot Krutch, Come Along

## Verse 1

I've met a lotta friends,  
Been a lotta places,  
Hung out in Hollywood,  
With all the perfect faces,  
Girls with dark tans,  
Surfboards, the right bands,  
Sometimes I feel like I could,  
Hold the whole world in my hands...

Till I met You,  
There were these things that made my day,  
But You changed my views,  
And I realized that there is more to life,  
Than a Chevrolet

And You say there's something different now,  
About the way I hold my head, and I am,  
Ready for it now,  
To line 'em up and knock them down..

## Chorus

Come along now,  
Grab a hand I'll show you how,  
We can all get out of here,  
Well soon we'll all be gettin' clear,  
Take me, break me, you never gonna shake me,  
There's a lot about me you don't know so don't doubt me...  
I was sent to let the world know,  
Wind me up and let me go,  
Told ya I would never be truly artificial,  
Won't just back down sittin' in the background,  
Never play your enemy you'll never see the end of me

## Bridge

It's ok, if you need some time,  
Need some time to think,  
And it's alright,  
I won't walk the line,  
Until I see you blink (x2)

## Chorus
