Verse 1: Lord Infamous/Scarecrow

Now it is time to get rough wid the drama
Bit-ches you can not escape from the hun-ter
Evil, Scarecrow, dead folks, fell slow
Deep in my soul, blood on my clothes
Crim-in-al hands and I must squeeze a weapon
Listen to sounds of the lead when we step-pin'
Infamous comes from the south territory
Listen to some of my deep money poetry
Circles of Triple 6 men smokin' ganja
Ri-tuals wid dead bodies on the furniture
So many soldiers are comin' to destroy ya
Six million sinister, satanic warriors
Is ill, will drill, will kill nina milli
Flame afilli I will fill thee enemy
Wid the five twenty slugs to the mug
One mo' trick in the mud
Quick, I want all my niggas in the south to say this shit

Verse 2: Lord Infamous/Scarecrow

My niggas over in Havana Hill, packin' plenty steel
All my niggas over in Claybert Homes, gangstas on the real
The Gardens, Herden Parkway, yeh and Fowler Homes
Texas Court, Gs cause in Mclemore they crackin' domes
Foot Homes, Lemont terrorist, in Riverside
South Memphis niggas ready for a fuckin' homicide
The Southgate, BellSouth Sea, Trick and Lauderdale
Snatchin' off the side of niggas heads wid the shotgun shells

Tryna cross South Memphis man I swear you wish you never did
South Memphis motherfuckin' South, yeh that's what I said
