

Three Days Grace, I don't care

Try to make it through my life
In my way
theres you
I try to make it through these lies
Thats all I do
Just dont deny it
Just dont deny it
Deal with it
Yeah, deal with it
You try to break me
You wanna break me
Bit by bit
Thats just part of it
If you are dead or still alive
I dont care
I dont care
And all the things you left behind
I dont care
I dont care
I tried to make you see my side
Always trying to stay alive
But youre eyes see right through
Thats all they do
Im getting tired of this shit
Ive got no room when its like this
But you wanna me just deal with it
So, If you are dead or still alive
I dont care
I dont care
And all the things you left behind
I dont care
I dont care
If you are dead or still alive
I dont care
I dont care
And all the things you left behind
I dont care
I dont care
If you are dead or still alive
I dont care
I dont care
And all the things you left behind
I dont care
I dont care
