Three Days Grace, I Don't Wanna Know

I don't wanna know I don't wanna know

Your eyes were covered in sunglasses when they first met mine I sat there and stared at you You didn't seem to mind The awkward ways we meet

First comes heavy breathing Staring at the ceiling What will happen next I dont wanna know (I dont wanna know)

I never cared how I dressed before But I cared that night Anticipation ran through my bones and my clothes never fit right I can't wait till we meet again

First comes heavy breathing Staring at the ceiling

What will happen next I don't wanna know (I dont wanna know)

Framed pictures start to be put on the walls Consequence is Its hard to But you know where I lay my head at night

First comes heavy breathing Staring at the ceiling What will happen next I dont wanna know (I dont wanna know I dont wanna know)

First comes heavy breathing Staring at the ceiling What will happen next I dont wanna know I dont wanna know I dont wanna know
