

# Three Days Grace, Overrated

Worn out and faded  
The weakness starts to show  
They've created  
The generation that we know  
Washed up and hated  
The system moves too slow  
They give us answers  
To questions they don't even know

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is overrated

Used up and jaded  
You're thinking way too slow  
So we're creating  
Answers on our own  
We can't relate  
To what you think you know  
And you create  
The problems that will never go away

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is overrated

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is over

Go away  
Go away  
Go away  
Go away

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is overrated

You made it  
You played it  
Your shit is overrated  
You made it  
You played it  
Your shit is over
