

Three Dog Night, Intro. Poem: Mistakes And Illusions

(P.Negron)

[Spoken:]

People who lose their souls,
They'll keep their sadly abused containers,
Are walking through with nothing.
Life in disguise is worthy of limbo and not to be shared.
No answers, no help are accepted in their funnel of fools.
I cannot give empathy when it's without a cause.
Help us find a cause on your behalf,
For all and peace of mind.
