

# Three Dog Night, Out In The Country

(P.William/R.Nichols)

Whenever I need to leave it all behind  
Or feel the need to get away-ay-ay  
I find a quiet place, far from the human race  
Out in the country

Before the breathin' air is gone  
Before the sun is just a bright spot in the night-time  
Out where the rivers like to run  
I stand alone and take back somethin' worth rememberin'

Whenever I feel them closing in on me  
Or need a bit of room to move  
When life becomes too fast, I find relief at last  
Out in the country

Before the breathin' air is gone  
Before the sun is just a bright spot in the night-time  
Out where the rivers like to run  
I stand alone and take back somethin' worth rememberin'

[organ]

Before the breathin' air is gone  
Before the sun is just a bright spot in the night-time  
Out where the rivers like to run  
I stand alone and take back somethin' worth rememberin'

Before the breathin' air is gone  
Before the sun is just a bright spot in the night-time  
Out where the rivers like to run  
I stand alone and take back somethin' worth rememberin'

Before the breathin' air is gone  
Before the sun is just a bright spot in the night-time
