

# Three Doors Down, Ticket to heaven

Im walking a wire, it feel likes a thousand ways I could fall  
To want is to buy, but to live is to die and you cant take it all  
And everything is said and done I wont have one thing left  
What happened to everything that I ever known  
All he gave me was this ticket to heaven, that ticket to heaven, said to lie in the bed that  
you make  
Now Im restless and Im running from everything, Im running from everything, Im afraid its  
a little too late  
Its a voices lie, innocents die  
And all your dreams, and all your money they dont mean a thing  
When everything is said and done, you wont have one thing left  
What happened to everything that I ever known  
All he gave me was this ticket to heaven, that ticket to heaven, said to lie in the bed that  
you make  
Now Im restless and Im running from everything, Im running from everything, Im afraid its  
a little too late  
Its a little too late  
All he gave me was this ticket to heaven, that ticket to heaven,  
said to lie in the bed that you make  
Now Im restless and Im running from everything, Im running from everything, Im afraid its  
a little too late  
All he gave me was this ticket to heaven, that ticket to heaven, said to lie in the bed that  
you make  
Now Im restless and Im running from everything, Im running from everything, Im afraid its  
a little too late  
Its a little too late
