

Three Of A Kind, Baby Cakes (Radio Edit)

Ha-ha-ha-ha

Baby Cakes you just don't know, know
How I, I
How I like it down low, low
And I just wanted you to know that I think our love'll grow
Gonna take it step by step because I'm not something you own

Baby cakes you just don't know, know
How I, I
How I like it down low, low
And I just wanted you to know that I think our love'll grow
Gonna take it step by step because I'm not something you own

Confused don't know what I'm feeling
Confused relationships without meaning
In the mist I can see you gleaming
Time to wake up and stop the dreaming
Cos you are my lil baby cakes and
I know you got what it takes,
the way you make me feel,
The way that I am,
When you talk to your friends and call me your man,
I tell ya I want to thank you, thank you through the bad times I picture just me and chu,
When the funs high, when the funs low
Theres just one thing I want you to know,

I just wanted you to know oh, oh
That I think our love'll grow yeah, yeah

I just wanted you to know oh, oh
That I think our love'll grow yeah, yeah

Baby cakes you just don't know, know
How I, I
How I like it down low, low
And I just wanted you to know that I think our love'll grow
Gonna take it step by step because I'm not something you own

Lovin' every minute
Just you and me
And I'm still dreaming you'll be my baby
Maybe, theres a possibility
We'll grow old together
Live happily (happily)
And they say,
It's a song for everyone,
When at first sight you know it's love
Sexual attention
Physical attraction,
Instant flip,
Flirtation actions.

I just wanted you to know, oh, oh
That I think our love'll grow yeah, yeah

I just wnted you to know oh, oh
That I think our love'll grow yeah yeah
