

Thrice, T and C

"T & C"
Album: Identity Crisis (2001)
in my head everything was perfect
and every note resounds in harmony
but all i seem to offer up are dischords
and every note i sing sounds out of key
and every time i play with passion
and my voice cracks
i start breaking strings
guess that's the price
this melody is tearing me apart
when i sing from my heart
so now what do i have to show
i gotta pay to know that i'm alive
for like saiyam i won't grow
and what price do i have to pay
cause we're all in the same machine
unless i'm battered in the fray
each one with his own broken dreams
so let's all try and understand
passion gives way to failure
you take my hand and i'll take yours
you take my hand and i'll take yours
you take my hand and i'll take yours
we'll let our passion bleed
