

# Tiamat, Alteration X 10

it comes smoothly at start  
stirs gently in the colour pot  
centrifuge  
restore amends  
for every spiralchange  
a snowflake bride  
a heroine (---heroin, psilocybin, mescaline, psilocin, fucking oxytocin bitch)

a quark resolution of god  
an angel in powder snow  
symmetrical asymmetry a newborn star of logic a newborn star of magic  
take a shortwave frequency ride  
(any you like)  
what you believe in, you'll find  
close your eyes to see  
this will take a while...

i wipe the steamy window lustre  
today i'll attend a new planet earth  
after you sir...
