

Tickle Me Pink, The Answer

Tell me in simple words
Everything you thought you'd never say
Make me understand
Beyond the lies that there's a master plan

'Cause every night I sleep alone
I will admit it's getting old
Just lying here it feels so cold
When you're not picking up your phone
How could I have trusted you,
and everything I thought I knew
of loyalty

The answer deep inside me
Is ripping me apart
The truth of who you are

How could anyone
Who said those things you said to me
Move on
I just need a true goodbye
To close my eyes to sleep until the dawn

'Cause every night you left me there
I'd wonder if you even cared
I'd wait for you while you enjoyed
The lonely words that you employed
This can't be reality
When everything you meant to me
Was loyalty

The answer deep inside me
Is ripping me apart
The truth of who you are

The answer deep inside me
Is eating up my heart
I don't know who you are

'Cause every night you left me there
I know what I'm worth inside
I wonder if you even cared
You can't take that away you have no right
You have no right
You have no right

To tear me down

The answer deep inside me
Is ripping me apart
The truth of who you are

The answer deep inside me
Is eating up my heart
I don't know who you are
