

Tidfall, Mind Raper

Fear, to be fear
The force within
To telepathic
Rape of mind

Welcome
To where your thoughts are real
Your eyes bleed, or are you crying?
You stinking piece of shit

Not in control
The psychotic universe
An enigma of possibility
Oh so endless and hopeless

So unclear, so unclear, this mind of a mortal

Longing for death

Is to wish...
Longing for death
Forever your mind is reaped to be
