

# Tidfall, Mind Raper

Fear, to be fear  
The force within  
To telepathic  
Rape of mind

Welcome  
To where your thoughts are real  
Your eyes bleed, or are you crying?  
You stinking piece of shit

Not in control  
The psychotic universe  
An enigma of possibility  
Oh so endless and hopeless

So unclear, so unclear, this mind of a mortal

Longing for death

Is to wish...  
Longing for death  
Forever your mind is reaped to be
