

# Tiesto, In The Dark

When it seems like the world around you's breaking  
and it feels like there's no one else around you  
And it's quiet, there's a silence in the darkness  
and it sounds like the carnival is over

As you walk in the crowded empty spaces  
And you stare at the emptiness around you  
You wanna go to the city and the bright lights  
And get away from the sinners that surround you

'Cause I will be there and you will be there  
We'll find each other in the dark  
And you will see and I'll see it too  
'Cause we'll be together in the dark

'Cause if it's coming for you  
then it's coming for me  
'cause I will be there  
'Cause we need each other in the dark

And if it terrifies you then it terrifies me  
'Cause I will be there  
So we've got each other in the dark

As I look into the sky, the sparks bright as ice  
You want me to take you over there  
I want you to stay with me  
'cause you're not the only one  
The only one

No no  
Don't worry, you're not the only one

'Cause if it's coming for you  
then it's coming for me  
But I will be there  
'Cause we need each other in the dark

And if it's panicking you then it's panicking me  
But I will be there  
So we've got each other in the dark

In the dark  
In the dark  
We'll need each other in the dark  
In the dark  
In the dark  
We'll hold each other in the dark  
Now we're safe together in the dark  
'Cause we've got each other in the dark
