

Tiesto, On My Way (feat. Bright Sparks)

I ain't a milliner
But I'm on my way
Can't find love
But, hell,
But I'm on my way
When the world gets heavy
You might hear me say:
I'm on my way, on my way, way
On my way, on my way, way!

There's a little devil in us all
Swear everybody in this town
Just wants to see you fall
It is no fun!
So know it's just a game,
Keep running outta love
And I don't go giving up
When I'm running outta love, love
No, let say I've had enough
And I don't go giving up
I said it all before!
