Tiesto, On My Way (feat. Bright Sparks)

I aint't milliner
But I'm on my way
Can't find love
But, hell,
But I'm on my way
When the world gets heavy
You might hear me say:
I'm on my way, on my way, way
On my way, on my way, way!

There's a little devil in us all Swear everybody in this town Just wants to see you fall It is no fun! So know it's just a game, Keep runing outta love And I don't go giving up When I'm runing outta love, love No, let say I've had enouhgh And I don't go giving up I said it all before!
