

# Tiësto x Dzeko, Jackie Chan (ft. Preme & Post Malone)

She say she's too young, don't want no man.  
So she gon' call her friends, now that's a plan,  
I just ordered sushi from japan,  
Now your bitch wanna kick it, Jackie Chan.

Drop top how we rollin' down on Collins South Beach  
Look like Kelly Rowland, this might be my destiny.  
She want me to eat it, I guess dinner's on me.  
Know I got the sauce, like a fucking recipe.

She just wanna do it for the 'gram  
She just want this money in my hand.  
Ima give it to her when she dance dance dance.  
She gon' catch an Uber out to Calabassas.

She say she's too young, don't want no man.  
So she gon' call her friends, now that's a plan,  
I just ordered sushi from japan,  
Now your bitch wanna kick it, Jackie Chan.

I think you got the wrong impression bout me baby, (bout me baby)  
Just cause they heard what hood I'm from, they think I'm crazy (they think I'm crazy)  
OK, well maybe just a little crazy (just a little)  
Cause I admit I'm crazy bout that lady, yea, yea

Finger to the world, it's fuck you pay me. (I been slavin')  
Run the pussy, cause I'm running out of patience. (no more waitin')  
No, no, bouncing like a yo-yo,

Livin' life on fast-forward, but we fuck in slo-mo. (yea)  
She say she's too young, don't want no man.  
So she gon' call her friends, now that's a plan,

I can't wait for the show, oh, oh.  
Got that good yea, I know, oh, oh.  
You should not be alone, oh, oh  
All this drink got me throwed, oh, oh, oh.

Club got me right, and I feel so alive  
She don't want a thing, she don't wanna be no wife.  
She just wanna stay all night, she just wanna sniff the white.  
Can't tell her nothing, no can't tell her nothing, no.

She say she's too young, don't want no man.  
So she gon' call her friends, now that's a plan,  
I just ordered sushi from japan,
