

Tiffany Alvord, Possibility

look at you, you look at me
I look away, so you can't see
I'm dreamin of you
And you don't even know, you don't even know
That I'm fallin madly in love
With you, with you
And I wish that you were going
Crazy for me too...
You show some signs, but I'm not sure
Its a secret love, and your the cure
I just need to know
What you think about me, about me
Cause I'm fallin madly in love
With you, with you
And I wish that you were going crazy for me too
Don't you think that maybe you and me
Could be a possibility
I just wish that baby you could see, you could see
That you, and me, could be, a possibility
You and me, we could be, only if you'd see
That I'm fallin madly in love
With you, with you
And I wish that you were going crazy for me too
I look at you, you look at me
I look away, so you can't see
I'm dreamin of you
And you don't even know
You don't even know
