

Tiffany Evans, Can't Walk Away

Just when I'm saying whatever
Clean slate we're back together
We're just now, see boy now I know better oh oh oh...
Then we go losing our temper
I'm out you saying forget you
But I can't keep it moving and let you go oh oh oh...

[Chorus:]

I... I... I can't walk away from you when I say we're through
Don't know how you do me the way you do me the way u do
I wish that I never met u
Cause I can't walk away from you when I say were through
Don't know how I'm so damn in love with u
I can't walk away from you
How many times did you say sorry
Just to turn around and say you don't want me
Flip it back, back and spend a night calling oh oh oh...
And I got a beef for what you think you getting closer
Every time we're cool you're telling me that it's over
And you're playing games
Even thou it's old I know oh oh oh...

[Chorus:]

I... I... I can't walk away from you when I say we're through
Don't know how you do me the way you do me the way u do
I wish that I never met u
Cause I can't walk away from you when I say were through
Don't know how I'm so damn in love with u
I can't walk away from you
Just when I'm saying it's time to move on
Just when I'm telling everybody imp gone
I gotta check myself
Cause the truth is I can't be...
Nowhere without you
It's all about you
Can't be with noone else if it's not you
Baby what am I gonna do
I can't walk away from you

[Chorus:]

I... I... I can't walk away from you when I say we're through
Don't know how you do me the way you do me the way u do
I wish that I never met u
Cause I can't walk away from you when I say were through
Don't know how I'm so damn in love with u
I can't walk away from you

[Chorus:]

I... I... I can't walk away from you when I say we're through
Don't know how you do me the way you do me the way u do
I wish that I never met u
Cause I can't walk away from you when I say were through
Don't know how I'm so damn in love with u
I can't walk away from you
Wake up and make up, wake up and break up then we do it all over again
Wake up and make up, wake up and break up then we do it all over again
