

# Tiffany Evans, Favorite Broken Heart

I was in my closet diggin  
Ran across some picutres  
And a couple letters you wrote  
Kinda had me remincing  
Bout when it was diffrent  
Right before you let me go  
Cause even though we had to finish  
(Baby I admit it)  
You was worth my heart gettin broke  
Cause I ain't never had those feelings  
I ain't get to say it last time we spoke  
[Chorus:]  
Even though it's goodbye  
Before I run into you  
I just wanted you to know  
Your my  
Favorite broken heart  
Even though  
I've cried  
I don't wanna beef here  
I will always be here for you  
Your my  
Favorite broken heart  
So why you gotta blast ya name in the streets  
And tell everybody I made dirt about you oohha  
And everything we been through  
Is between me n you baby boy (fasho)  
We ain't gotta be the clishe exes  
With the (he say she say)  
Like we ain't grown  
If you ain't got nobody these days  
Maybe you can hit me on my cell or at home.  
It's been so long  
Since I saw ya  
Still I got nothing  
But love for ya  
Tell me that you know that I'm  
Always here  
Whenever however forever  
[Chorus]  
Thank you  
If I could do it all again  
Id do the very same thing  
Knowin that you  
Would hurt me in the end  
(Baby I would do it all again)  
I never knew  
What was forever till I met you  
I know you'll be there whenever I need you  
No matter what I'm still ya friend  
I know it sounds crazy baby  
[Chorus: out]
