

Tiffany Gayle, Do You Wanna Dance?

VERSE

I'm walking through a club
It's late at night
I'm really in the mood tonight
I feel the rhythm inside

I'm looking good
I wanna have some fun
I'm dancing doing crazy things
Cause the night has just begun

BRIDGE

But nobody, is looking at me,
They don't wanna dance with me.
And nobody, is moving around,
They don't hear the sound oh no
But nobody, is looking at me,
They don't wanna dance with me.
And nobody, is moving around,
They don't hear the sound,
So i say

CHORUS (X3)

Do you wanna dance?
Give it a chance?
Get ready to move, feel the groove (Yeah)
Do you wanna dance?
Give it a chance?
You've got to prove you feel the groove

VERSE

Lights are shining on my face
The music takes me high
All alone doing sexy moves
With my hands up in the sky

Now I want some attention
Cause I'm full of pride
So I'm gonna seduce someone
Cause I've got to make it right

BRIDGE

But nobody, is looking at me,
They don't wanna dance with me.
And nobody, is moving around,
They don't hear the sound
So I say

CHORUS (X3)

Do you wanna dance?
Give it a chance?
Get ready to move, feel the groove (Yeah)
Do you wanna dance?
Give it a chance?
You've got to prove you feel the groove
