

Tiffany Giardina, Candy

I'm so addicted
To the loving that you're feeding to me
Can't do without it
This feeling's got me weak in the knees
Body's in withdrawal
Every time you take it away
Can't you hear me calling?
Begging you to come out and play, oh yeah
So baby come to me
Show me who you are
Be sweet to me
Like sugar to my heart
I'm craving for you
I'm missing you like candy, yeah
Sweet, sweet loving
Got me going to the extreme
Won't go without it
This vibe has got a hold of me
Satisfying baby
Let me know you what I'm made of
No doubt about it
Got me going crazy, can't get enough
So baby come to me
Show me who you are
Be sweet to me
Like sugar to my heart
I'm craving for you
I'm missing you like candy, yeah
So baby come to me
Show me who you are
Be sweet to me
Like sugar to my heart
I'm craving for you
I'm missing you like candy, yeah
Boy your love and kiss is sweet like candy
And I'm craving you, missing you like candy
Boy your love and kiss is sweet like candy
And I'm craving you, missing you like candy
So baby come to me
Show me who you are
Be sweet to me
Like sugar to my heart
I'm craving for you
I'm missing you like candy, yeah
So baby come to me
Show me who you are
Be sweet to me
Like sugar to my heart
I'm craving for you
I'm missing you like candy, yeah
So baby come to me
Show me who you are
Be sweet to me
Like sugar to my heart
I'm craving for you
I'm missing you like candy, yeah
