

Tiffany Giardina, Don't Want To Let It Go

As we wade up to the shore
Pushing sand up from the floor
Holding hands, I thought we'd never let it go
I can't wait to see you there
What I waited for all year
Summertime is almost here
Whoa, oh, whoa
It's a summertime love
And I don't want to let it go
Whoa, oh, whoa
You're my summertime love
And I don't want to let you go
{don't want to let you go [3x]}
Sometimes I'm wishing you were here
Dream about it oh so clear
Did you change? Is everything the same?
Did you find another girl?
Are you out there in this world?
Missing me, baby can't you see that
Whoa, oh, whoa
Loving in the summer is so much better
Whoa, oh, whoa
Some good things can last forever
Whoa, oh, whoa
It's a summertime love
And I don't want to let it go
Whoa, oh, whoa
You're my summertime love
And I don't want to let you go
Whoa, oh, whoa
It's a summertime love
And I don't want to let it go
Whoa, oh, whoa
You're my summertime love
And I don't want to let you go
I can see it clearly
Just you and me
Come on, you know
You're my summertime love
And I don't want to let it go
You're my summertime
Don't want to let it go
You're my summertime
You're my summertime
It's a summertime love
And I don't want to let it go
You're my summertime
You're my summertime
It's a summertime love
And I don't want to let it go
{don't want to let it go [3x]}
