

Tiga, You gonna want me

I know,
You gonna want me
Baby,
A song for any season,
I've got so many reasons,
You're gonna wanna make it some day
Some say, boy you're always teasing
I think you best be leaving,
Why you've gotta drive me crazy (x2)
I know,
You gonna want me,
But when you want me,
It might be a different story (x2)

Some say, boy you're always teasing
I think you best be leaving,
Why you've gotta drive me crazy (x2)
I know,
You gonna want me,
But when you want me,
It might be a different story (x6)
I know,
I know,
I know...
