

# Tiger Lou, All In Good Time

all in good time  
I will wait for no one  
I will stop for nothing  
don't care about a thing

all in good time  
I won't stop to rest  
I won't stop to sleep  
I don't need no sleep

'cause I wanna find love here  
so where are you going? (my..)

please be still  
so I can adjust myself  
I'm so close now  
I'm so close  
go back to the day  
your covers were red  
(my...) what do I see?  
you laugh at me  
you laugh at me child

oh this is my  
my only one  
like it or not  
soon I'll be gone  
and I could never live  
live like you learn  
fly like you fly  
say what you say  
and I'm almost done  
and the fine line between  
this and some dream  
is that I sold my soul  
for something  
i could never give  
this isn't me

where do I go?  
where do I run?  
where do I find  
peace of mind?
