

Tiggy, Daddy Boom

*Daddy daddy boom boom bang
Daddy don't you understand
Think of him is all I can
Let the soldier be my man

I fell in deep love with a common soldier
My destiny was sealed and written down
They locked me up - no escape
And then they told me to get a prince
Who could wear my father's crown
So deep - he is on my mind
Don't need - a prince of royal kind
I know he's the only one
Don't throw my love away

*Repeat

I saw the sail as the sun was rising
In the morning mist my sweetheart came to me
A major army followed up behind him
At last he came to set me free
So deep - his is on my mind
Don't need - a prince of royal kind
I know he's the only one
Don't throw my love away

*Repeat
