

# Tiktak, He's Out

Ego freakshow -  
His own biggest fan, doesn't think that I know  
Where his eyes go  
Holding my hand like I'll only follow  
And I'm getting so over it...

I can't - love him  
Like he loves himself  
In his head there's no room  
For anybody else  
Looks sweet, talks cheap, strike three,  
I can see now -  
He's Out. He's So out.

What is it about bad guys  
That makes all the good girls compromise  
Fall for him and it's like  
Being with a baby twice my size  
And I'm finding why...

I can't - love him  
Like he loves himself  
In his head there's no room  
For anybody else  
Looks sweet, talks cheap, strike three  
I can see now -  
He's Out. He's So out.

Badass and rude,  
I'm sorry but it's not as special as it seems  
Maybe he's cute,  
I'm sorry but he's not cute enough to be that mean

I can't - love you  
Like you love yourself  
In your head there's no room  
For anybody else

I can't - love him  
Like he loves himself  
In his head there's no room  
For anybody else  
Looks sweet, talks cheap, strike three  
I can see now -  
He's Out. He's So Out. He's Out. He's So Out.
