

# Tilt, John For The Working Man

John for the workin' man  
He's always on the road  
John for the workin' man  
??? to help him load

He's up in the mornin', rolls out of the van  
Just another truck stop for the workin' man  
Countin' the shirts and countin' the change  
It's another working day

John for the workin' man  
Breakin' hearts in every port  
John for the workin' man  
He's all we can afford
