

# Tim Armstrong, Take This City

Goin' out with all my boys  
Hit the city all night long  
Lars and Will, Daniel and Bill  
And little Larry gonna tag along  
Rollin' deep, comin' up  
Night I'm still wakin' up  
Got a light? smoke it up  
Zig Zag, Roll it up

You are a memory 'cause  
She is the future  
Hold on tight  
I'll be the teacher

Take this city  
Take this city by storm  
We're gonna take this city  
Take this city  
Take this city by storm

Here we go again  
Here we go tonight  
Gotta keep it going, gonna make it alright  
Life is so short so ya gotta keep it tight  
Gotta keep moving till the daylight rises  
So many people, I'll never know  
I'll never get to see where they're from  
So what's your name? Say it again  
Hear it again and again and again

Take this city  
Take this city by storm  
We're gonna take this city  
Take this city  
Take this city by storm

Na na na na na na na na na na  
Na na na na na na na na na na  
Na na na na na na na na na na  
Na na na na na na na na na na

Take this city  
Take this city by storm  
We're gonna take this city  
Take this city  
Take this city by storm

Big city life, well here's my take  
There's a crack in the picture, window gonna break  
It's a catch 22, catcher in the rye  
You get caught stealin' shot down now you're gonna die  
Listenin' to the sounds of reggae and soul  
Pile in the cadillac here we go  
All over town playin' rock and roll  
It's all I've ever done girl  
All I'll ever know

Yeah!  
Just give us one moment, watch this...
