

Tim Armstrong, Wake Up

(Are you ready for this?)

Yeah

(Chorus:)

Wake up

You son of a bitch

I wanna know who your with and

Why do you roll in and out

At like six in the morning?

I say

Wake up

My love of mine

Why do u spend your time

With these guys who don't love you

The way that I do

This time things gonna be changin'

Start a new

Rearranging

I got a new

Girl i'm seein'

Just like the last one, jus' like the first one.

Live for today

Not tomorrow

Keep movin' away from sorrow

Ain't one to beg or borrow

So listen to me

(Chorus)

Phone call

No mistakin'

She starts

Her head shakin'

Eyes open

Now i'm awake and

I'm gonna take it day by day now

Gettin' high

Good times rollin'

On the side

Cities showin'

Off somewhere new

To be goin'

So keep movin'

(Chorus x2)
