

# Tim Christensen, Jump The Gun

No one in here is a liar  
Everybody is telling you the truth  
But someone in here is a denier  
I just really wanted it to be you

(Oh) As no one really wants to be  
Dealing with a misery  
No they only wanna jump the gun

No one in here is a stranger  
Everybody knows who you are (Oh, knows who you are)  
But someone in here is in danger, yeah  
Someone so close and yet so far away

No one really wants to be  
Dealing with a misery  
Hang out with your sympathy  
No they only wanna jump the gun

Oh, yeah, oh

(Oh, knows who you are)

Yeah, no one really wants to be  
Dealing with a misery  
Hang out with your sympathy  
No they only wanna jump the gun

No one really wants to be  
Dealing with a misery  
Hang out with your sympathy  
Bringing out the worst in me  
No they only want  
They only want  
No they only want  
Ah, they only wanna jump the gun
