

# Tim Curry, Right On The Money

Freezing on this corner  
Waiting for a ride uptown  
Really getting restless  
Could have walked that far by now  
Now it's after midnight  
I need a fast ride  
I got to get to you somehow  
I got to be right on time  
Right on the money  
Right on time  
Right on the money  
Right on time  
I can't be one minute late

I would have called a taxi  
I couldn't use the lady's phone  
She would have gotten crazy  
She thinks she's got me for her own  
And now the stop light  
Feels like a spotlight  
I got to get to you right now  
I got to be right on time  
Right on the money  
Right on time  
Right on the money  
Right on time  
I can't be one minute late
