

# Tim Finn, Don't Bury My Heart

Last night I saw you down the street  
I caught your face in the glass  
Last night you strolled down to our seat in the park  
I was in the shadows down the path  
Last night I watched you 'till the bedroom light died  
When I swear I heard you call my name

Don't bury my heart, girl, don't bury my heart

I was trying to forget the time  
When you drove all night just to say hello  
I was trying to forget the place  
Where we kissed and said forever together  
I was trying to forget the way  
You smiled when you said goodbye

Don't bury my heart, girl, don't bury my heart

What do I do when we meet again  
Do I say it never mattered  
What do I do when my eyes won't lie  
For everything you are is sweet to me  
What do I do when I'm begging you please  
Don't keep the air between us or I will freeze

Don't bury my heart, girl, don't bury my heart
