

# Tim McGraw, Illegal

I put my money on love again  
At a hundred to one  
I dealt my losing out  
I'll just try til I win  
Or see how close I can come

Oh it should be illegal  
It gets me so high  
I can fly like an eagle  
Night after night

I've known people who have thrown in the towel  
Just cause they've lost once or twice  
But it takes a believer to put all this faith  
In the toss of the dice

Oh it should be illegal  
It gets me so high  
I can fly like an eagle  
Night after night

Oh it should be illegal  
It gets me so high  
I can fly like an eagle  
Night after night
