

# Tim McGraw, It Doesn't Get Any Countryer Than This

Now mama I know you've always wished me the best  
And I've found somebody and I think she's gonna pass the test  
She's a country girl as far as I can see  
Mama I hope she's what you had in mind for me

She likes to go skinny dippin' in the heat of the day  
And late at night she wants to roll in the hay  
She cranks my tractor with just one kiss  
Mama it doesn't get any countryer than this

Now mama I know she didn't grow up on a farm  
But she sure knows her way around out behind the barn  
And it ain't exactly chores she does at dawn  
But she says she's gonna run me till the cows come home

She likes to go skinny dippin' in the heat of the day  
And late at night she wants to roll in the hay  
She cranks my tractor with just one kiss  
Mama it doesn't get any countryer than this

She likes to go skinny dippin' in the heat of the day  
And late at night she wants to roll in the hay  
She cranks my tractor with just one kiss  
Mama it doesn't get any countryer than this  
Yeah, mama it doesn't get any countryer than this
