

# Tim McGraw, Sara's Song (You Might Be Surprised)

She wasn't real pretty  
and she wasn't all that smart  
but she had a smile  
that was like a work of art

everybody seemed to love her,  
but she let nobody in  
oh lord the way i think about her  
that should be a sin

when i finally got her alone one night  
she confessed her every thought  
said no one likes the girl she is  
but you better bet I disagreed

i said:  
you might be surprised about the way i think about you  
yeah you might not know that i dream of you each night  
i know its alot, yeah its something out of nowhere  
but its here, and its true, and as much as i love you  
you might be surprised

well she could only smile back  
her cheeks a rosy red  
that brave young boy that i once was  
was in over his head

she looked at me,  
i almost died,  
that perfect twinkle in her eyes

and then she said  
you might be surprised about the way i think about you  
yeah you might not know that i dream of you each night  
i know its alot, yeah its something out of nowhere  
but its here, and its true, and as much as i love you  
you might be surprised

well i can't say i've talked to her much since that night  
and i dont think that she thinks of me all that much  
but i will always remember when  
she told me

you might be surprised about the way i think about you  
yeah you might not know that i dream of you each night  
i know its alot, yeah its something out of nowhere  
but its here, and its true, and as much as i love you  
you might be surprised

and i couldn't help but think  
"Lord, I was surprised..."  
yeah, yeah yeah, I was surprised..
