## Tim McGraw, Take Me Away From Here

My Body burns Like there's a desert deep in me A thirsty soul so unsatisfied But there you are like a river to the sea The one chance I have to change my life

Darlin', take my away from here Make it seem like we're a million miles away Another time another place Make me a different man Move me farther than I've ever been before Show me that there's something more

Sometimes I feel like I'm trapped inside myself Spinning wheels up and down, 'round and 'round Going no where just like everybody else With no touch, no sight, no sound

But you could take me away from here
Make it seem like we're a million miles away
Another time another place
Make me a different man
Move me farther than I've ever been before
Show me that there's something more
Give me hopes and dreams to fill my head
Push my heart so I can fly again

Take me away from here
Make it seem like we're a million miles away
Another time another place
Make me a different man
Move me farther than I've ever been before
Show me that there's something more

Take me away from here Take me away from here
