

# Tim Minchin, Confessions

I believe that women have the right  
To walk the streets at night  
And not be afraid for their lives  
And I believe a woman has the right  
To choose what happens to her body  
Without suffering the judgement  
Of the conservative right  
And I believe a woman has the right  
To wear the clothes she likes  
Without being treated like dirt  
And I think we men are pathetic  
How we seem to judge aesthetic  
As the measure of a woman's worth

I'm ashamed on behalf of my sex  
For making women feel like objects

Fuck, I love boobs, though  
I just really love them  
Fuck, I love boobs, though  
I just want to rub them  
They're just so jooby  
They make me feel groovy  
I would rather watch boobs than a movie  
Ba-doop-e-do  
I just really love boobs

I believe the people are entitled  
To basic human rights  
Whether they're rich or they're poor  
And I believe a world where no children are starving  
Is a world worth fighting for  
And I try to remind myself  
Even when I'm struggling  
How incredibly lucky I am  
And I don't think it's okay  
That the luxuries I crave  
Should come at the expense of my fellow man

I'm sure I could do a little more  
To alleviate the suffering of the poor

Fuck, I love boobs, though  
I just really love them  
I don't really mind if I am behind  
Below, or above them  
They're just so jubbly  
They make me feel lovely  
I would rather own boobs than a pub  
Ba-doop-e-do  
I just really love boobs

I believe the planet that we live in  
Is a living organism  
And we must treat her carefully  
I don't think we should assume  
We can go on consuming  
Her resources indefinitely  
The world's not a bottomless pit  
And we can all do our little bit

Fuck, I love boobs, though  
I just really care for 'em  
They are equally fun

When they're twenty-one  
Or octogenarian  
They're just so flappy  
They make me feel happy  
I would rather eat boobs than a bap  
Ba-doop-e-doop-de-do  
I just really love boobs

Evolutionary theory says bosoms  
Are buttock-like protrusions  
Designed to tempt men  
In situations when  
They can't get a glimpse of your bum  
I find such hypotheses dumb  
It's like the one that says  
Lipstick is for making your lips look more  
Like the lips of a happy vagina  
Since they said that, I can't  
Look my great aunt in the eye  
Why'd they have to say that, oh why?

From the first little suck of colostrum  
To the grope of the nurse in the old people's hostel  
We're just fucking monkeys in shoes

And I will always love boobs  
I will always love boobs
